CONTENTS

Foreword	**vi**
Preface	**viii**
Introduction to the Solubility of Solids in Liquids	**xi**
Acknowledgements	**xxi**
1. The solubility of beryllium hydroxide in water and in various aqueous systems	1
1.1 Evaluation of beryllium hydroxide systems	2
Beryllium hydroxide in water	2
Beryllium hydroxide in aqueous electrolyte systems	2
1.2 Data compilations	12
Beryllium hydroxide in water	12
Beryllium hydroxide in aqueous electrolyte systems	15
2. The solubility of magnesium hydroxide in water and in various aqueous systems.	49
2.1 Evaluation of magnesium hydroxide systems	50
Magnesium hydroxide in water	50
Magnesium hydroxide in aqueous electrolyte systems	51
Magnesium hydroxide in super-critical water	58
Magnesium hydroxide in aqueous organic systems	60
2.2 Data compilations	65
Magnesium hydroxide in water	65
Magnesium hydroxide in super-critical water	72
Magnesium hydroxide in aqueous electrolyte systems	76
Magnesium hydroxide in aqueous organic systems	110
3. The solubility of calcium hydroxide in water and in various aqueous systems.	112
3.1 Evaluation of calcium hydroxide systems	113
Calcium hydroxide in water	113
Calcium hydroxide in super-critical water	116
Calcium hydroxide in aqueous salt systems	116
Calcium hydroxide in aqueous organic systems	120
3.2 Data compilations	131
Calcium hydroxide in water	131
Calcium hydroxide in super-critical water	154
Calcium hydroxide in heavy water	156
Calcium hydroxide in aqueous electrolyte systems	157
Calcium hydroxide in aqueous organic systems	226
4. The solubility of strontium hydroxide in water and in various aqueous systems	248
4.1 Evaluation of strontium hydroxide systems	249
Strontium hydroxide in water	249
Strontium hydroxide in aqueous salt systems	253
Strontium hydroxide in aqueous organic systems	253
4.2 Data compilations	256
Strontium hydroxide in water	256
Strontium hydroxide in aqueous electrolyte systems	261
Strontium hydroxide in aqueous organic systems	270
5. The solubility of barium hydroxide in water and in various aqueous systems.	284
5.1 Evaluation of barium hydroxide systems	285
Barium hydroxide in water	285
Barium hydroxide in aqueous electrolyte systems	287
Barium hydroxide in aqueous organic systems	290
5.2 Data compilations	295
Barium hydroxide in water	295
Barium hydroxide in aqueous elctrolyte systems	300
Barium hydroxide in aqueous organic systems	334
System index	**343**
Registry number index	**353**
Author index	**357**
Solubility Data Series: Published and Forthcoming volumes	**364**
